

Addison Aaron

“Shortlist 2016... Winning Matters”

-Altaf Hussain

Legal Awards 2016 Law Society

We are delighted and honored to announce that Addison Aaron has been shortlisted for the Law Firm of the Year (up to 4 partners) 2016 award from the Birmingham Law Society.

The firm has gained more clients in the form of businesses and individuals both domestically and internationally since last year.

Our ethos “winning matters” and strive for success has enabled us to get worldwide exposure for the commendable work we have done in the past year alone.

We are pleased to see that our commitment to our work and clients are valued and recognized even more every year.

More than half of our client base is outside of the region, showing that we are drawing in business to Birmingham. We believe we can offer competition to any legal outfit from the minor offence in Magistrates Court to multi-billion dollar commercial disputes in the High Court.

The firm’s dispute management and corporate department has developed and is currently liaising and advising clients in Croatia, Dubai and Malaysia on dispute management, franchising, investments into the UK, tax and banking.

We also acted in multi-million pound disputes and got outstanding results for our clients. This initiative has led to the success of the firm and the constant referrals.

Our vision is to build the world’s leading international dispute management and corporate law firm. Operating from Birmingham, Dubai, Malaysia, Liechtenstein, Qatar, Arabia and New York.

The vision is not to just grow headcount or into different territories but to provide first class service in every matter with a view to “winning matters.”

We are involved with the international division of The Law Society and will continue with our efforts to work closely with them. We continue to develop our social media such as Facebook, Twitter and LinkedIn, where we put posts of our success and international legal work.

We are currently working on starting a YouTube channel to expand our exposure and promote our causes.

Being shortlisted gives us great satisfaction to raise the flag of Birmingham as a Centre of excellence in international dispute management, commercial fraud, insolvency, company commercial and corporate.
